

Khwaahish NGO

Kuch khwaahishein poori karni hai

Annual Report- 2020-21

Awassvikas, Kashipur,
Uttarakhand-244713

From the founders desk

Dear supporters,

I would like to extend a profound gratitude to each and everyone for joining hands with us and playing a part in creating a society consisting of equals. We have been able to make a difference in the lives of less advantaged women and children due to the joint endeavor with our donor community.

Our yearly progress and development are the result of a set of initiatives which have been taken in collaboration with various corporations, organizations and private individuals through our programs.

We have been able to stand strong because your contributions have helped us bring change even when it seemed impossible. We cannot thank you enough for everything that you've done and I'm truly grateful to have you as our partners. I hope that you will continue to stand by us.

On the path to a better society, your great efforts over the year and continuous motivation have again transformed the life of many individuals while keeping us going with the same level of enthusiasm every day.

Vision & Mission

VISION

Our vision is to have our kids well versed in their well shapes and with their best puff friends (Animals). If this is not growth of our nation, then what is?

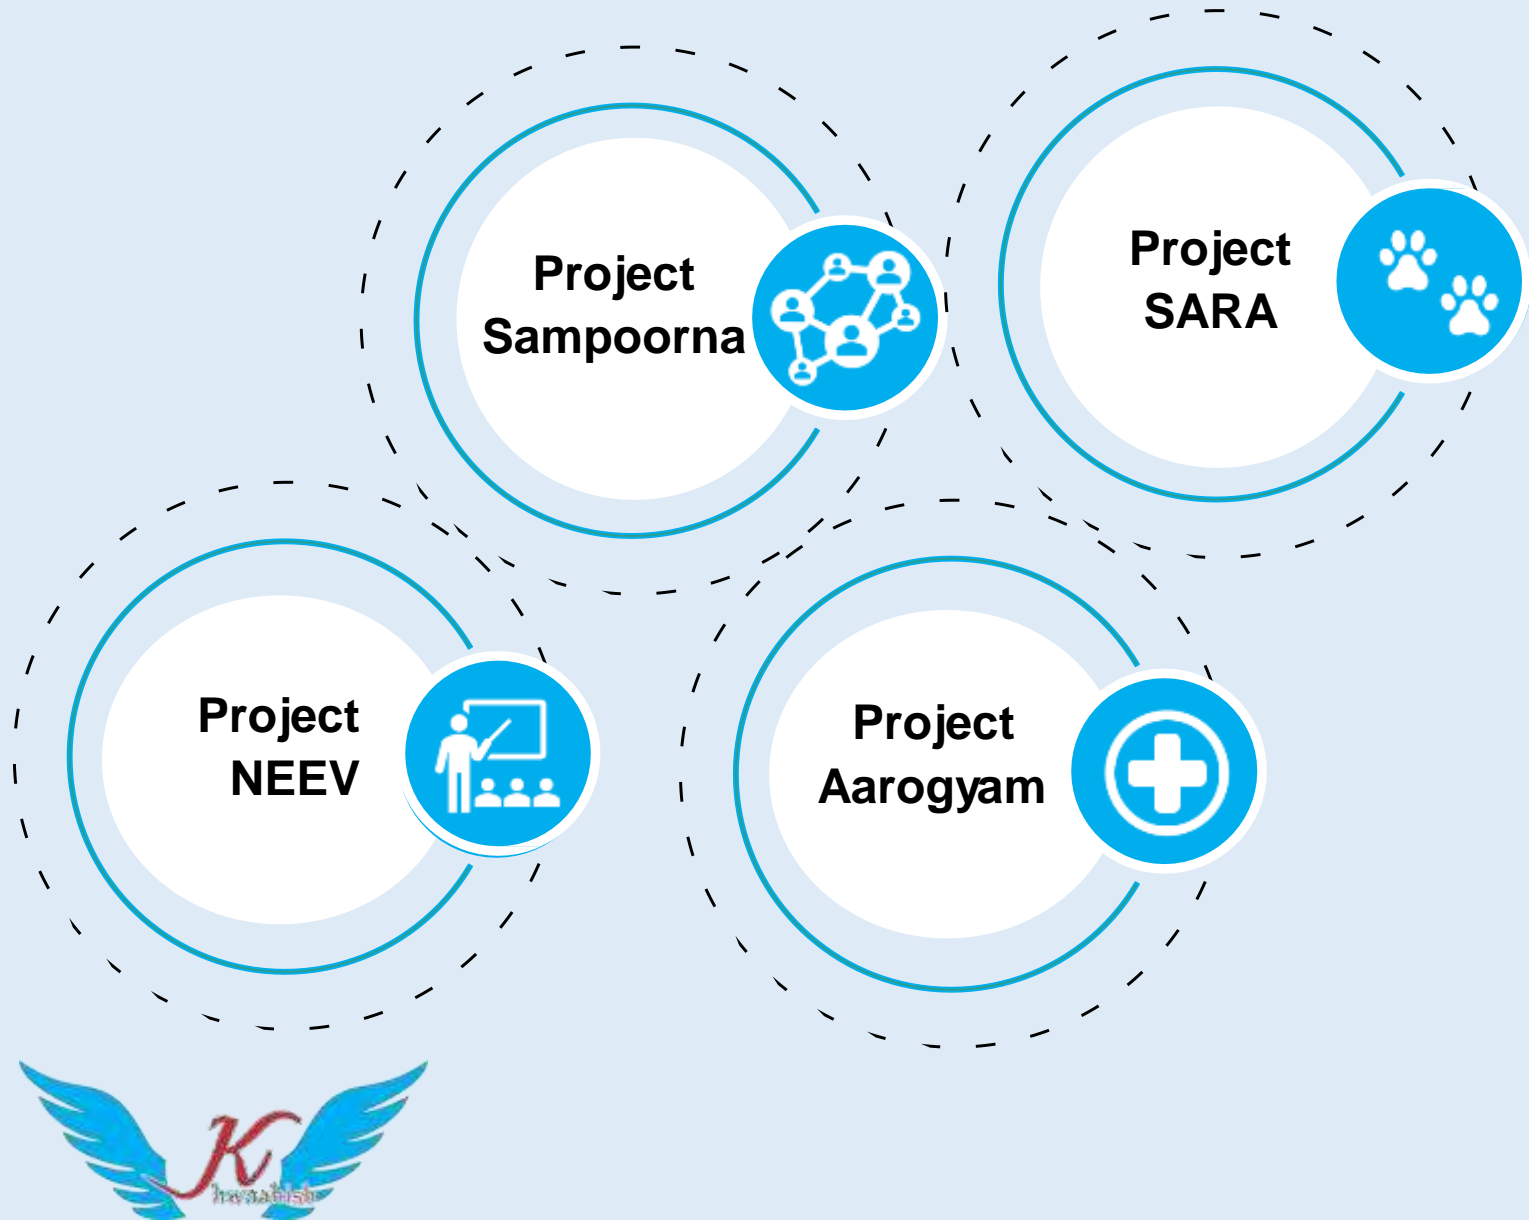

MISSION

Transforming an underprivileged child's energy and childhood from being a child labour, hygiene ignorant and insensitive to an educated, responsible and healthy human being, which will eventually help our society as a whole.

Our areas of intervention

Our reach

What our members have to say

I feel proud to see Youth of my city lay the foundations of social work. Khwaahish has a special place in my heart as it is originated in my hometown. Moreover, I was impressed to see the kind of work happening at the ground level. The way Khwaahish is making sincere efforts in bringing change in people's life is heart touching. I wish Khwaahish all the best and look forward to see it spreading across cities for a good cause.

-Shivank Sharma, Vice president, Aron Global Private Limite Singapore

Changing the lives of children is a continuous process. Nothing can be done in a limited period. As individuals we have to continue to give support by way of financial help, time as well as other resources. I believe in continuity and devotion without deviation. KHWAAHISH is doing just that.

-Rajeev Ghai, Co-Chairman (Chamber of Commerce)

Why donors choose Khwaahish

Yogendra Jindal
Director, Jindal Group

I am happy to be associated in a small way with Khwaahish. The organization has been doing great service for the health, education and protection of children in India as is the need of the time.

Dr. Ravi Singhal
Physician

In short duration Khwaahish has done tremendous work for upliftment of underprivileged children. Hope you create milestones ahead. Good Luck team Khwaahish

Dipika Gudia Attaray
Director, Chandravati,
IMT college

I'm fortunate to have been part of Khwaahish and really happy to see outstanding work done by them. It is a best way to give back to society.

Dr. SP Gupta
Physician

I am very lucky that I can help underprivileged children to save their life for those who are critically ill. We pray to god that Khwaahish reaches at top of NGO sector.

Not just another summer day

What do you call a Monday morning where you are both satisfied and disappointed? Well, Mondays are busy days for both children and adults. A bunch of students running towards their schools and elders approaching their offices is a common sight. But this summer Monday wasn't the usual one like others. While on an early morning walk the founder of Khwaahish discovered a small girl Kumkum. A vigilant girl collecting coal from the periphery of the railway track. Ayushi took no time to strike a conversation with Kumkum and inquired about every important aspect of her life. Kumkum belongs to an unprivileged background, her mother picks coal during the odd hours to sustain her family from the amount she earns after selling the coal in the market and takes Kumkum along with her to have a helping hand. During the conversation, Kumkum expressed her desire to be a doctor but isn't sure that she can pursue her dream due to a lack of education and learning opportunities. But her desires and her prayers were not unheard. Kumkum and her parents were counseled at the NGO and were explained the importance of education. Her parents agreed to minimize the burden of work on her and motivate her to study further. Ayushi started attending evening classes at Khwaahish and started studying diligently with full vigor to realize her dream of becoming a doctor. Her hard work is reflected in her achievements.

Our brightest star

Deepak who is blessed with a sharp brain that can calculate complex mathematical problems within a few seconds. Belonging to an unprivileged background Deepak's father had to feed a family of five and to lend a helping hand to his father Deepak joined him dropping out of school. Deepak and his father would go miles to sell fruits. The money earned then was used for sustaining the entire family, with such huge responsibility on shoulders education was a distant thought for Deepak. Over time Deepak developed the expertise to handle the work all by himself. Looking at Deepak's dedication towards his work and the accuracy in his calculation, his father decided to find an additional source of income leaving the fruit cart as a responsibility on Deepak's shoulders. The twist in the story came when the founder of our NGO had an unusual encounter with Deepak on his cart, he calculated the entire sum of complex figures in a couple of seconds on the purchase of fruits. Our founder persuaded Deepak to continue his education and counseling was arranged for his parents to explain to them the importance of education in his life. Since then, Deepak has been performing exceptionally well in his academics. But the story does not end here. It was only during the vocational training that we realized Deepak's talent in electrical work. He is naturally bestowed with the knowledge that requires expertise in electrical work. Somedays he surprises us with a working wire he made with wire scrap and another day by a mini robot. Today Deepak aspires to be an Electrical Engineer.

Volunteers today. Heroes forever.

Our volunteers rose above seemingly insurmountable challenges to ensure that underserved communities got the support they urgently needed. From organizing online sessions for children to conducting rescue operations and providing shelter to stray animals, they were there to support us all throughout

Above numbers represent interns and volunteers from the inception of NGO

Volunteers / Interns speak

Pakhi Agarwal

Volunteer

If there's one thing I've learned, it's the importance of being passionate. No matter what your age is, what your circumstances are or where you come from, there is always an opportunity for you to make a difference

Nandini

Volunteer

By personally working with the students, I witnessed their determination, grit and drive for success but most importantly, I was exposed to their optimism and cheerfulness

Shivani

Volunteer

These children help me realize that you just need your little dreams and motivation to fulfill them for true happiness. I am proud of this moment with them, and a little proud about myself too

Devisha Mehrotra

Intern

It was a very fulfilling experience and helped me in becoming a more empathetic person. For me, interacting with the kids was the most gratifying experience

BOOK DONATION DRIVE

Books and education play a major role in providing knowledge and in many cases students don't have access to books and important reference materials. But by donating books is something that we can very much do, and this will help a long way in educating underprivileged children. Knowledge shared is after all knowledge squared and books are the means to do so effectively!

Book Donation drive was conducted in Apr'20 – May'20 and we managed to collect 1500+ books

ONLINE CLASSES

We are so proud of our volunteers who didn't let any pandemic stop them from teaching our students. Our volunteers made our students learn throughout the academic break by reading them ahead of time, and making them practice their handwriting, colouring and completing their modules.

For these children, their education is important because it is only key and way to rise out of poverty.

Guest sessions

Guest lectures help students improve their learning in a more interactive, topic specific way. These are very helpful for the students. During the year conducted a lot of sessions for the students on the topic Management, strategy, leadership, Discipline etc.

Some of the guest speakers: **SI Supriya Negi, ASP Pramod, Mr. Prabhakar Saraswat and Mr. Alok Uniyal (SNA)** etc.

Project Aarogyam

Prayogshala

With the intent of promoting experiential learning and hands-on experience we have set up a Prayogshala (Science Lab) for our kids. Science Lab equipments allow students to interact directly with the data gathered. They get a first hand learning experience by performing various experiments on their own under the guidance of experts. Students are made to use the models and understand different scientific theories and concepts.

KITAB GHAR

Not everyone has the privilege to get a separate space for studying in their homes. So we at Khwaahish have set up Kitaab Ghar (Student Library) for these students where they can come and read.

IIM Kashipur helped us in setting the library by giving us furniture and painting the walls. They also donated various academic and non academic books. Currently we have more than 2k books in our library.

K.F.C. 1.0

Every stomach feels hunger & some silent ones cannot communicate, that's when you and we come in picture to help these unconditional buddies.. It was inaugurated by Mrs. Usha Chaudhary (Mayor), Dr. Mukesh Dumka (Government veteran) and Ayushi Nagar (Founder). Under this we managed to feed 100-150 dogs per day for two months.

REFLECTIVE COLLAR

Under this campaign our aim was to equip stray cows and dogs in and around Kashipur with reflective collars that can help them get spotted at night and avoid any serious accidents. Reflective collars are equipped with reflective tapes that makes it easier to spot stray animals on road at night. These collars work just like road signs and can be spotted by drivers from a distance helping them solve down and avoid loss of animal and human lives. This was done in collaboration with 'Udham Singh Nagar Police'

ADOPTIONS

As we humans want to be loved and find companionship in our family and friends, why should we take away that right from all these homeless, abandoned animals.

We always encourage people to adopt and not shop. From the inception we have managed to get 150+ animal adoptions.

PANAH

Stray animals don't have an option to slip into woolens. They are left to survive in the open in the intolerable cold. Under Panah we built temporary shelters for 200+ stray animals using cardboard, blankets and winter clothes to protect them from biting cold winters. We also stitched some clothes for these animals to keep them warm during chilly winters.

Project SARA

Project Sampoorna

Project Aarogyam

RESCUE OPERATIONS

On a daily basis, we receive multiple rescue calls about stray dogs that have been hurt by vehicles. Most of these injuries occur when a stray dog is resting underneath a vehicle and the driver drives away without checking.

Such accidents mostly result in fractures and broken bones for the stray dogs making their day to day survival further unbearable, without any medical attention.

Under Project SARA we have rescued 800+ animals. We strive for better lives of the unspeakable injured street animals.

COVID DATABASE

We took an initiative to help the ones battling Covid 19. We maintained a database of the recovered patients who were willing to donate plasma so that it could be used to save lives, whenever needed. (in and around Kashipur, Uttarakhand)

Ration Distribution

During the tough pandemic times, along with the government of Uttarakhand and some kind citizens of the city, we distributed ration to the ones in need with the motive "no one should sleep hungry"

बेहतर सोच जानवरों को हादसे से बचाने को आयुषी ने बनाई 'स्वाहिश' टीम, कचरा बीनने वाले बच्चे बना रहे रिफ्लेक्टिव कालर

जानवरों को 'पनाह', बच्चों की भी 'स्वाहिश' पूरी

जागरण संवाददाता, काशीपुर: काशीपुर में जानवरों को सड़क हादसे से बचाने के लिए युवाओं और कचरा बीनने वाले बच्चों की 'स्वाहिश' नामक टीम रेडियम रिफ्लेक्टिव कालर बना रहे हैं। अभी तक 200 से ज्यादा जानवरों के गले पर यह कालर लगाया गया है। ऐसे में सड़क पर वाहन चालक दूर से ही जानवरों को देखकर समय रहते ब्रेक लगा जानवरों को हादसों का शिकार होने से बचा सकेंगे।

सर्दियों में रात को कोहरे के दौरान अक्सर वाहनों की टक्कर से सैकड़ों जानवरों की रोज मौत हो जाती है। 'स्वाहिश' के सदस्य दुर्घटनाओं में घायल जानवरों को प्राथमिक उपचार देने के लिए तत्पर रहते हैं। अभी तक 300 से ज्यादा जानवरों की मदद की जा चुकी है। 'स्वाहिश' की हेड

रिफ्लेक्टिव स्ट्रीप के साथ युवाओं की टोली • जागरण

आयुषी नागर के अनुसार सर्दियों में खासकर कोहरे के समय जानवर सबसे ज्यादा सड़क हादसों का शिकार

बनते हैं। ऐसे में बच्चों व युवाओं की मदद से रिफ्लेक्टिव कालर बनाया जा रहा है।

'स्वाहिश' में 50 से ज्यादा बच्चे 'स्वाहिश' टीम में तकरीबन 50 से ज्यादा युवा और बच्चे शामिल हैं। स्कूली शिक्षा से दूर ये बच्चे पटरियों के किनारे कूड़ा बीनते थे। इस संगठन ने इनको पढ़ाई से जोड़ते हुए आत्मनिर्भर बनाने के लिए सिलाई भी सिखाई है। बच्चे रिफ्लेक्टर बना रहे हैं। वे बेकार पड़े कपड़ों से पट्टे तैयार कर रेडियम लगाते हैं।

'पनाह' मुहिम को देश ने सराहा काशीपुर में बेसहारा पशुओं को ठंड से बचाने के लिए नवंबर से ही 'पनाह' मुहिम भी चल पड़ी है। आयुषी ने फेसबुक के जरिये लोगों से घर के बाहर दरी और खाने का समान रखने की अपील की थी। इस मुहिम को देशभर लोगों ने हाथों-हाथ लिया है।

Khwaahish in the spotlight

2018

- It was a proud moment for Khwaahish when the efforts of the team received recognition from the Education Minister of Uttarakhand – Mr. Arvind Pandey
- “Nation Building Award” by the Rotary Club
- “Sewa samman” by Saraswati shishu mandir Kashipur
